**Alden E. Gibson, RHI, ACI, NCH, Inspections by Gibson**

Alden Gibson is Principal of Inspections by Gibson and has been performing home inspections since 1992 after completing the Home Inspections Training Program with Inspection Training Associates. He began his career in 1981 performing home renovations and moved on to custom home construction in 1987. In 1992, Alden began performing home inspections with The Home Inspector and in 1996, formed his own company. As a Registered Home Inspector (RHI) ASHI Certified Inspector and National Certificate Holder, he conducts an average of 300 to 350 home inspections per year. He is knowledgeable and up to date on current building code. Alden has completed the Residential Indoor Air Quality investigator program through the CMHC and is certified as Radon Measurement Expert through NEHA (National Environmental Health Association) NRPP (National Radon Proficiency Program). He is a founding member of CARST (Canadian Association of Radon Scientists and Technologists) and a Level 1 Thermographer.
